Dr. J. C. Aver.—Sir.—I have been stilled with a painful affection of the lungs, and all the symptoms of settled consumption, for more than a year. Chestes. Pennsylvania. August 22, 1846.

J. C. Aver. Sir. I was taken with a terrible cough, brought on by a cold, in the beginning of last February, and was centined to may bed more than 2 months. Coughing incessantly night and day, I became ghastly and pale my eyes were sunken and glassy, and my breath very short. Indeed, I was rapidly failing, and in such distress for breath, that but little hope of my recovery could be entertained. While in this situation, a friend of mine, (the Rev. John Keller, of the Methodist church) brought me a bottle of your Chranx Pecronau, which I tried more to graifly him, than from any expectation of obtaining roller. Its good effect induced me to continue its use, and I soon found from any expectation of obtaining relief. Its governor to the state of your great medicine. With the deepest gratitud yours, &c.
